

## LOCAL AND GENERAL.

Mr. Lorin A. Thurston's law office is over Bishop & Co.'s bank.

There may be a letter for you in the advertised list elsewhere. Peruse it.

Who has got a binocular field-glass belonging to the Government? See notice.

Said a bystander yesterday, "Noble Muller is young and very fresh; he has a great deal to learn yet."

The Rev. Elias Bond of Kohala, says the Friend, has received the degree of D. D. from Bowdoin College.

Rumors—that J. A. Mehtens will be the next jailer of Oahu Prison, and C. P. Iauka Postmaster General.

Mr. David Dayton has been appointed President of the Board of Health, vice Dr. J. H. Kimball, resigned.

H. B. M. S. Amphion will call at Honolulu the latter end of the month, en route from Esquimaux to Hongkong.

Six mounted police are now on duty every night, two on the plains, two in Nuuanu Valley, the other two at Palama.

It is learned that there was an insurance of \$4,000 on the house of Mr. Sutherland's burned early Saturday morning.

The annual meeting of the Planters Labor and Supply Company will be held in Honolulu on Monday, October 6, at 10 A. M.

A lady from the other islands suggests that the Insane Asylum be renamed the "Institution for Intellectual Recuperation."

The holding of the term of the Third Judicial Circuit Court has been further postponed to Monday, November 17th, at 9 A. M.

The Friend for September is out, in which the political situation is outlined, and there is an article on "Hawaiian Kahuna and their Practices."

Mr. D. D. Baldwin, returned from a trip to Waianae and Waialua last week, after collecting about 3,500 land shells, embracing forty different species.

The U. S. S. Nipsic sails for San Francisco this Tuesday afternoon at 3 o'clock. Her homeward bound pennant was flying to the breeze yesterday.

Hon. H. P. Baldwin made a flying trip to Maui, returning Sunday morning with Mrs. Baldwin and family. He reports the cane looking in fine condition.

Between thirty and forty Hawaiian ladies went out to Waikiki early Tuesday morning on horseback, each one wearing a red pau. The sight was a very imposing one.

Over one hundred boys are already in attendance at the Kamehameha School. The limit is one hundred and twenty-six. The Preparatory School has over forty present.

His Ex. Hon. J. A. Cummins received last week a very handsome silver cup, gold lined, won by his g. "Surprise" at the Maui Racing Association meeting, held at Kahului, July 4.

The attention of planters and others is called to the advertisement of Messrs. G. W. Macfarlane & Co., giving particulars of boilers, boiler tubes, cane top cutters, etc., just received.

The residence of Dr. McWayne was broken into on Tuesday night by a thief and money and a watch carried off. The police ought to wake up and try and catch some of these thieves.

Wednesday Mr. D. Nichols and Miss Lillie Nott were united in marriage by the Rev. H. H. Parker, at the residence of the bride's parents, King street. Only the immediate relatives and friends were present.

Mr. R. C. Barnfield, the artist, is at Victoria, B. C., and much improved in health, the climate evidently agreeing with him. He is doing considerable work there, but expects to return to the islands very shortly.

At a meeting of the Mechanics Union held Friday night, it was decided to hold a mass meeting Tuesday evening on Palace square to discuss constitutional matters. It was also resolved to ask the National Reform party to bring in a resolution of want of confidence against the Ministry.

By the Kilanea Hon on Saturday news was received of the death of Mr. William John Brodie, which took place at Kohala, Hawaii, on Thursday, the 4th inst. Deceased had been quite sick for several weeks with fever. He came to the islands in 1879, and has been engaged in the ranching and planting business, latterly as an auctioneer and general business agent.

## Arrival of the Iroquois.

The U. S. S. Iroquois, Capt. Joshua Bishop, arrived in port Sunday afternoon, seventeen days from Pago Pago, Samoa, and anchored in the naval row. She left Apia July 16th for Pago Pago, and after coaling sailed on the 21st of August for Honolulu. She experienced three days head winds and heavy rains, thence to port fine weather. Everything quiet at Samoa. The U. S. S. Mohican left Samoa July 28th for Sydney, N. S. W.

## HUTCHINSON-AFONG.

A Brilliant Wedding by the Seashore.—Beautiful Decorations.

Thursday evening Dr. Edson Lewis Hutchinson and Miss Alice Lilian Afong were united in marriage at the Waikiki residence of the bride's parents, Mr. and Mrs. C. Afong. The ceremony was impressively performed by the Rev. Alexander Mackintosh at 7:30 o'clock in the presence of the immediate relatives and friends. At 8 o'clock a reception was held by the newly married couple.

The decorations throughout the house and in the lanai were on a magnificent scale, and consisted of flowers, flags and evergreens. The night-blooming cereus scattered around were much admired. The grounds were brilliantly illuminated with colored lanterns, and the whole scene was most delightful. Messrs. F. B. McStocker and Arthur Johnston received the invited guests at the main entrance, and passing in they were welcomed by Mr. and Mrs. Afong.

The bride and groom received, standing underneath a handsome floral marriage bell. The bride wore a handsome costume of cream grosgrain silk trimmed with real lace. Her ornaments were diamonds the gift of her father. She wore the usual veil with orange blossoms and lilies of the valley, and carried a bouquet of white carnations. Miss Marie Afong her sister was maid of honor, attired in a costume of pink satin brocade and carrying a bouquet of red carnations. Mr. Oliver C. Swain was best man.

Among those who attended were His Majesty the King, H. R. Princess Liliuokalani, Hon. J. O. Dominis, Their Excellencies J. A. Cummins and Godfrey Brown, Capt. McCurley and officers of the U. S. S. Nipsic, Capt. Pollard and officers of H. B. M. S. Acorn, members of the diplomatic corps, and a very large number of prominent Honolulu residents. The presents were displayed in the parlor, and were both numerous and costly. A bountiful supper was well laid and more than well served by Mr. Steiner of the Elite Parlors. The wedding cake and the bride's cake, both elegant specimens of the confectioner's art, were from Mr. F. Horn's establishment. Dancing was indulged in to the strains of Mr. Berger's string orchestra, the Hawaiian band playing during the intervals. The weather was fine and the occasion was one thoroughly enjoyed by all. Dr. and Mrs. Hutchinson will visit the volcano, and probably take a trip to China.

## A MIDNIGHT FIRE.

The Residence of James Sutherland Burned to the Ground—Narrow Escape of Mrs. Sutherland and Child.

A house owned and occupied by Mr. James Sutherland, situated at Kalihi, mauka of the Kalihi-waena school, was burned to the ground Friday P. M., the contents destroyed and Mrs. Sutherland and an infant child had a narrow escape with their lives. Mrs. Sutherland, who with her child was the sole occupant of the dwelling at the time of the occurrence of the conflagration (Mr. Sutherland being engaged at his vocation of engineer of the S. S. Likie), supposed the fire to have caught through the carelessness of a Chinese domestic, who had been using a fire for drying some washed clothes. She was awake at 11:30 o'clock by the heat and crackling of the flames, and seizing her child fled, scantily clothed, to a place of safety, not saving any of her clothing, or that of her child's. She called the Chinaman but he was of very little use, simply running around shouting. A lamp was burning in Mrs. Sutherland's room when she awoke, so that the fire could not be caused by that. It aided her in finding her way out of the burning building. It is believed that the house, which was a well built one standing on stone foundations, is insured but only in a small sum. The loss by the fire is estimated at between \$5,000 and \$6,000. The Department were unable to render any aid on account of the distance from the city and the lack of water supply. Several members of the Department were present and assisted in saving the few articles of furniture which were brought from the burning building. At 1:15 o'clock next morning the house was a smoldering mass of debris.

## It is Said

That the National Reform Party is in perfect harmony; that things won't work with two Presidents of the Board of Health; that "the third warning voice" reads like Crowley's English; that Dame Rumor says Dr. Lutz and Rose Gertrude are engaged; that several other Government officials have been asked to resign; that there are too many tale-bearers in Honolulu; that the Insane Asylum will soon receive a clerical patient; that Crowley got sat on at the last Mechanics Union meeting; that Horn, Hart and Cron are to form a candy trust; that the Judge went home mad; that Hoapii Baker is the pride of the nation; that it is wrong for the Legislature to interfere with the Executive; that the "refreshments" at the Arion picnic gave out; that the baseball grounds at Ewa are the finest in the world.

Capt. Tripp now wears a gold-lace hat. He has Tripped into the office of Port Surveyor.

Messrs. T. H. Davies & Co. have just opened out a new stock of Japanese goods direct from Japan.

## THE LEGISLATIVE ASSEMBLY.

Seventy-second Day.

FRIDAY, Sept. 5.

House met at 10 A. M. Prayer by Chaplain. Minutes read and approved. Rep. Marques reported on sundry petitions relating to mail carriers, recommending that some be granted and others rejected. Report adopted.

Noble Burchard presented a report of the committee on Kohala water works, recommending that it pass.

Rep. Marques stated the Post-Office Committee would report soon.

Minister Brown gave notice of an Act to transfer the Postal Bureau to the Finance Department.

Noble McCarthy gave notice of an Act to enable the Minister of Finance to remit the duties on certain articles.

Noble Phillips gave notice of an Act to provide for the erection of plant for generating electricity for lighting.

Rep. Waipulani gave notice of the following acts: 1. To provide for transfer of protection of Honolulu from police to military. 2. To allow certain coasting vessels carrying mails free water. 3. To amend law relating to street railroads. 4. To amend section 527 of the Civil Code.

Noble Widemann read by title an Act to amend the law regarding corporations. The bill was read a second time by title, and referred to the committee of which Rep. Brown is chairman.

Noble Muller read by title an Act to authorize the construction of railroads over lands of persons not benefited thereby.

Minister Spencer answered questions of Rep. Kalua regarding Dr. Lutz, submitting reply of the Board of Health, which states that Dr. Lutz had tendered his resignation for what reason the Board did not know. The resignation would be laid before the Board at its meeting on the 10th. The President could not state who would be appointed in Dr. Lutz's place, in case the resignation should be accepted. In any case the Legislature might be assured that at least as good care of the lepers would be taken as ever in the past. The letter was signed by the Secretary of the Board of Health.

Minister Spencer moved the report be laid on the table until the Board of Health had met.

Noble Widemann wanted to know whether it was official courtesy to answer the letter of a minister by one from a clerk.

Minister Spencer had not been in office long enough to know what the custom was.

Rep. Kalua moved the reply be accepted. The reply was accepted to be considered with the answer made the other day.

Rep. Kalua introduced the following: Resolved that the Minister of the Interior be requested to request the President of the Board of Health to resign immediately. He had introduced the resolution because the people had had enough of him. He thought the President was growing arrogant. He seemed to think that he was above the Legislature. It was time for him to learn that the Legislature was the highest power in this country. Obstacles were constantly placed in the way of Dr. Lutz in his efforts to cure the lepers.

Noble J. M. Horner agreed that this thing had gone far enough. It began in the complaints of certain persons at the hospital, who were using members of this House as a tool. The investigation had not satisfied these members, and a second resolution had been brought in. That had not satisfied them and another was brought, and to-day still another to carry further this persecution. When will we ever get through our business if we follow up every department in this way. This House is continually following up this Minister to take the business out of his hands and do it ourselves. When we get through with this Minister we will probably begin with the others. Where will the Ministers land? We have entrusted the business to them and they are able to do it. They do not claim to be infallible like the Pope. They are not omnipotent and omnipresent. We must give them time.

Rep. Brown agreed in general with the last speaker that the House should not meddle with the management of bureaus and the appointments. But in this case, it should be remembered that the House has passed a resolution that the President of the Board should be a layman. I used to think so, but I changed my mind and now I have changed it again. If the president is a physician, what is to be done in case of a clash between the President of the Board and the examining physicians? Dr. Lutz has not been here very long. It is too soon to pronounce upon his treatment. In some cases we are told it has been beneficial. He should have a full opportunity to prosecute his treatment. I know both him and Dr. Kimball by sight. I never spoke of word to either of them. It is perfectly evident they do not get along together. His resignation must simply mean that he will not serve under the present President of the Board. The Hawaiians themselves are the ones principally concerned in this matter, and the House should pay some respect to their wishes, and therefore I shall vote for the resolution.

Rep. Kapachao moved the Sergeant-at-Arms be ordered to bring in the members.

The ayes and noes were called for.

Noble Kauhanue asked to be excused. Noble Baldwin stated that he should vote no, because he thought the motion of Minister Spencer, to lay on the table until the Board had met, was reasonable. He thought the Hawaiians had some ground for complaint, and yet he could not see that anything had been proved against the president.

Rep. Walbridge voted no for the same reason as Noble Baldwin.

Rep. Rickard asked to be excused from voting as he had no reason to vote against the President, nothing having been brought against him.

Rep. Rice asked to be excused from voting as he was a member of the original committee on the subject.

Noble Pua made a speech and voted aye.

The resolution was adopted by the following vote:

Ayes—Ministers Cummins, G. Brown and Spencer; Nobles Widemann, Berger, Pua, McCarthy, Phillips, Crabbe, Hind, Burchard, Cornwell, G. N. Wilcox, Isenberg; Reps. C. Brown, Cummings, Marques, Lucas, R. W. Wilcox, Rosa, Bush, Kanhi, Nawahi, Baker, Kahookano, Waipulani, Apiki, Paehaole, Kanealii, Kalua, Halstead, Kamai, Knudsen, A. S. Wilcox—34.

Noes—Nobles Macfarlane, Muller, J. M. Horner, Marsden, Baldwin, W. Y.

Horner, Walbridge, Anderson, Von Tempisky; Rep. A. Horner—10.

Rep. Kalua moved to reconsider.

Rep. Rickard gave notice of an Act to amend sections 65 and 90 of a certain chapter of the Laws of 1888.

Rep. R. W. Wilcox gave notice of an amendment to Article 41 of the Constitution.

Rep. Marques introduced the following questions to the Minister of Foreign Affairs:

"Whereas our convention with Japan, under which laborers are now brought to this country, expires by limitation on the 28th day of January next, 1891, or after six months' notice given for its abrogation;

"Whereas it is believed by thoughtful citizens that the proportion of Japanese laborers now here is sufficiently large, and that further immigration from that source would allow them to predominate dangerously in this country;

"Whereas this danger is all the greater, on account of the extreme sensitiveness of the Japanese Government, and of the probability of their shortly renewing the efforts made by them in the years 1887-8 and 1889, to induce this Government to grant to the mass of the ignorant Japanese laborers now living on these Islands, voting franchise and election rights absolutely equal to those of the native Hawaiians;

"Whereas it is absolutely necessary that the planters should be informed in due time of the intention of this Government, so as to be able to make proper preparations for recruiting their laborers; "Therefore I would respectfully ask His Excellency the Minister of Foreign Affairs, what is to be the future policy of the Hawaiian Government regarding our relations with Japan;

"1st. Are the Cabinet in favor of abrogation or of renewing the conventions of January, 1886, with Japan?

"2d. Are they in favor of discontinuing or otherwise the Japanese immigration of laborers?

"3d. In case the Japanese immigration be prudently stopped, from what source do they propose to recruit the necessary laborers?"

Rep. Kalua introduced a resolution requesting the Minister of the Interior to expend, out of a surplus of road money due Waikuku District, amounting to \$12,000, the amount of \$5,000 on the following works: bridge at Paukukala, breakwater and bridge at Waikuku, and road up Iao Valley.

Minister Brown stated that the unexpected surplus referred to was kept as a balance to draw against and very likely not a cent of it was left. It did not belong to the Treasury at all but to the Road Board. Laid on the table with the Appropriation Bill.

Noble Marsden moved to reconsider the vote to lay the petition of L. A. Thurston on the table with the Finance report. While in favor of the substance of the petition, I do not favor its wording.

Rep. Rosa stated that he thought it proper to reconsider that vote. The reason why the House voted as it did, was because certain persons wished to prevent Mr. Thurston having any hearing at all. It was for that reason I voted for the motion to consider with the report.

Noble Macfarlane said that Rep. Rosa may have labored under a misapprehension, but every member of the Finance Committee stated that Mr. Thurston would have a full hearing before the committee. We wished to lay the petition on the table because it was unprecedented, disrespectful and entirely out of order.

Rep. Bush supported the motion to reconsider.

Noble McCarthy voted yesterday to lay the petition on the table because the member from Waianae stated that if we laid the petition on the table, the consideration of the report could then be deferred to give the late Minister of the Interior every opportunity to make explanation. I would vote to have the House pay to have any reply of his printed, so that it can be considered by the House with the Finance report.

Noble Widemann said the remarks of the member from Waialua opened a very wide field indeed. Was the Finance Committee to run after every man on whose conduct they commented and say "Come, come and tell me your story and I'll take it all down." I say, if he has any complaints to make he ought to go to the committee and not try to him.

Rep. Brown moved the previous question. Carried.

The motion to reconsider carried. Rep. Brown asked permission to withdraw the petition.

Noble Macfarlane moved it be laid on the table. Carried.

The House took a recess till 1:30.

## Afternoon Session.

The House re-assembled at 1:40. Minister Brown moved the Order of the Day. Carried.

Third reading of the Cantoniers Bill.

Noble J. M. Horner moved the bill be indefinitely postponed. A sensible, practical law already existed. Under this law the Minister appointed the road boards and dismissed them if they did not do their duty. The bill required the constant employment of cantoniers all the time, whether there is any money in the hands of the road boards. I saw three cantoniers this morning on the road. I knew them by their tools and the work they were doing—though they didn't wear any yellow rag. I say this bill is an impossibility. The cantonier cannot do any of these things which are prescribed in the country. Our present law is plain and easily understood. We have about sixty miles of road in Hamakua and only \$1,200 road money. Then all these petty regulations, that he shall when he eats his dinner keep in sight of his road.

Noble Widemann thought the bill plain enough and a sound and good thing for this country. Hamakua could afford to pay twenty cantoniers (one for every three miles) to keep the roads in order. The bill may not be perfect. I do not say that the law is suitable for the country districts at present, but it will be a very good thing for Honolulu, Hilo and Waikuku.

Noble Horner agreed that a road when good should be kept good, and the Hamakua Road Board adopted that principle as soon as they were appointed.

Nobles Marsden and Horner entered into a discussion of the history of a certain mud hole in the Hamakua road (the House calling question).

Rep. Brown moved the bill pass its third reading.

The bill passed.

Third reading of Bill 68, an Act relating to the sale of goods by commercial agents.

The bill passed.

Consideration of the Appropriation

Bill in Committee of the Whole. Noble Marsden in the chair.

For the Reform School, \$12,000.

Rep. Brown said it was wrong to attempt to strike this item out. It was short sighted, and might come back on the heads of its authors. It was better that the boys should cost \$1,000 a piece than that they should be put into prison with common felons.

Rep. Rickard had opposed the appropriation, but was now convinced that it ought to be passed. The objection did not seem to be aimed at the amount, but at the present incumbent. Some one certainly could be found who would take proper care of the school.

Noble Widemann—The school has been inefficient. The member from Hamakua says a good man can be found. Why is he not there? I am not in favor of an inefficient school. But we cannot drop it until some better way is found.

Rep. R. W. Wilcox had opposed the item because very few boys were there, and he thought the item placed there only to give a place to some adherent of the late ministry. But if a good man could be obtained he would move passage at \$6,000.

Rep. Nawahi said it cost the country a thousand dollars a piece to look after a dozen bad boys. He thought \$6,000 enough.

Noble Kauhanue favored passage as in the bill. There may be great additions to the numbers in the school, and if there are not, the money will not be spent. My own observation is that that school has done a great deal of good. I know of a great many respectable men who were once in that school.

Noble Widemann said the school was not one for book learning merely, but a school of good morals and behaviour. It was not voluntary with the House to do away with the school. He would request Rep. Wilcox to withdraw his motion. (Rep. Wilcox said he would do so.)

Noble Isenberg said that \$12,000 need not be spent because it was appropriated. He was very glad the motion was withdrawn.

Rep. Waipulani said as Rep. R. W. Wilcox had withdrawn his motion, he would move it pass at \$6,000.

The item passed at \$12,000 on a rising vote.

Rep. R. W. Wilcox moved to insert aid to St. Louis College and its branches \$20,000. It was no more than right that these independent schools should be assisted by the Government. He did not make the motion because of the religious denomination.

Noble Hind opposed the item. It was an attempt to break down the public school system. We did not want any priestcraft. (Noble Widemann—Only on one side). None at all. We can do without priests. I believe the children ought to be saved from these priests. The children should be taught something which could be demonstrated. I would rather have the islands in the condition again when the missionaries first came here than to have the priests teaching in the schools. I vote against this to save the children.

Rep. Nawahi said it was no more than right that the independent schools should receive some assistance. It made no difference what denomination they belong to. He would move \$30,000.

Noble Widemann—The hon. Noble from Kohala does not like priestcraft. There are a good many more here who do not. But this assistance is asked for Catholic schools not priests. The priests are supported from France. They get miserable food, a cassock or two and a pair of shoes. That is what they are living on. The theory of providing money only for Government schools is very well but in practice it means all the money for the Protestants and nothing for the Catholics. Hitherto nobody dared to say this. He would have been hooted and blackballed. That is no longer the case. I shall gladly vote this \$20,000. The table might be turned. There might be retaliation.

Rep. Waipulani favored the item. Noble Kauhanue said no one must suppose that this would lessen the expenses of parents who would have to pay as much as ever. Protestant schools had received more because they had been longer established.

Noble J. M. Horner said when he voted for \$190,000 he supposed that would include all that was to be paid to St. Louis College as well as every other independent school.

Rep. Knudsen believed that priest rule was a great evil. The only way to suppress it is by education. If we do not help them we only make it worse. I think that \$20,000 is very little. They are very moderate not to ask more.

Rep. Rickard rose to signify his intention to vote against this item of \$20,000. It was opening a door which ought to be kept closed—the supporting of sectarian schools. We shall be establishing a precedent which it will be very difficult to break down hereafter. I am aware of the untiring energies of the teachers of the Catholic schools with its good results, all of which I fully appreciate. I will further state that there is not a member in this House who takes a greater or kinder interest in them than I. I always feel disposed to do all I can to help them and have done a good deal, personally, and will continue to do so; but in behalf of the Government and as a member of this House I cannot vote in favor of such special appropriation.

But if it is considered by this House that the sum already appropriated for educational purposes is insufficient then I am willing to vote the sum asked for and make the following amendment, to appropriate the sum of \$20,000 for the assistance of established boarding schools, to be distributed by the Board of Education at its discretion regardless of sect. I would move to amend by appropriating \$20,000 to establish Government boarding schools.

Noble J. M. Horner moved that the item do not pass at all.

The item passed at \$20,000.

The committee then rose.

The President appointed the following committee on the Corporation Bill: Rep. Brown, Noble Widemann, Reps. Kalua and Kahookano and the Attorney-General.

The House then adjourned.

## New Advertisements.

Oahu College and Punahou Preparatory School,

WILL OPEN MONDAY, SEPT. 8th.

Tuition \$1 per week. Board for girls, rooms furnished, \$5 per week; for boys, rooms unfurnished, \$4.50.

The new President, F. J. Hosmer, and Prof. J. Q. Wood are expected by the Australia Sept. 19. THOS. L. GULICK. 1339-11 59-51 President pro tem.

## THE ARION PICNIC.

At Remond Grove was a Most Successful Affair—About Six Hundred People Present.

The third annual picnic of the Honolulu Arion was held at Remond Grove on Saturday afternoon and evening. Fine weather prevailed and the result was that nearly six hundred people went out to the grove and participated in the amusements provided by the committee of arrangements which was as follows: President M. Goldberg, J. Bartram, J. Asche, M. Brash, F. D. Wicke, W. Wolters, C. Neldner, J. F. Hunt, A. Peyser, C. W. Zeigler, Theo. Wolff, N. Struhlman, G. W. Ashley, E. B. Thomas, C. Kaiser, G. Schumann, F. Lunkker, A. Cron and E. H. Wolter.

The first train left for the grove at 1 P. M. and carried a large number of people. In all there were five trains to the grove and five returning. The arrangements made by the Oahu Railway and Land Company were perfect in every respect, not a hitch occurring. Soon after arrival of the first train at the grove a programme of athletic sports was carried out in charge of the following committee: M. Brash, J. Bartram, F. D. Wicke, C. Neldner, A. Peyser, W. Wolters and H. F. Hebbard. The result of the sports was follows:

1. Foot race 35 yards for children under 7 years of age. Clara Gertz 1st, G. Bruns 2d, E. Zeigler 3d.

2. Foot race 75 yards for boys between 7 and 12 years. F. Angus 1st, A. Harris 2d.

3. One hundred yards race. Boys over 12 years. W. Lycett 1st, B. Lemon 2d.

4. Ladies race 75 yards. Mrs. Wagner 1st, Mrs. Raseman 2d.

5. Fifty yards race for girls between 7 and 12 years. Miss E. Vetter 1st, Miss A. Rickard 2d, Miss A. Gertz 3d.

6. Stick race. W. Lycett and B. Lemon 1st.

7. Potato races. Mrs. Wagner 1st race, Miss Roth 2d race, Mrs. Steiner 3d race.

8. Biting apples. A. Zeigler 1st, F. Hoting 2d.

9. Skipping races. J. Wright 1st, L. Vetter 2d, 1st race. F. Hoting 1st, A. Wicke 2d, 2d race.
